

### Fifth Grade Cursive

Students will be required to write in cursive in all subjects in 5<sup>th</sup> grade. Please practice cursive writing over the summer. You can look online and find practice pages, or there are several excellent practice books at Lakeshore or Mardel's Bookstore.

### Fifth Grade Summer Reading

Please read a nonfiction book at your reading level. We will do an activity with it when we return to school. While you are only required to read a nonfiction book, we strongly encourage you to read at least two additional books of your choice.

### Fifth Grade Math Practice

Practice these Math Facts once a week for 10 weeks this summer. That would be 40 pages when completed. At the bottom of the page write the time it took you to finish the page, and the number you missed. Then try to beat that. Please bring these sheets with you when school begins.\* They are a grade. Practice! Practice! Practice!
